Overview: Inspire Wealth, formally FIFA Financial Services Ltd, moved into Royal William Yard as part of their re-branding and continued expansion. Looking for a contemporary look for their new space in this iconic historic site in Plymouth, the MD approached Engage Workplace for ideas. As a Grade 2 listed building traditional partitions and walls were not an option. We provided an acoustic meeting pod, soft seating, breakout furniture and bench desking for the tasking area. Ergonomic mesh back task chair were also supplied.

Testimonial: "Engage proposed several options and ideas and worked closely with us to create the right look and feel that we were looking for"

- Peter Williams – MD, Inspire Wealth
