

PSP | PLYMOUTH SCIENCE PARK

Scope/Design, refurbishment & furniture supply

Sector/New Business

Site/Plymouth Science Park, Phase 5,
- Common Area's

Overview/Working with leading architects HLM Engage Workplace were the successful bidder to provide the furniture for all the common areas across three floors in the brand new Phase 5 building at the entrance to the park. Engage worked closely with the HLM Interior Design team and the Science Park Estates department to produce the furniture specification, delivery schedule and installation.

Specification - Furniture supply

Testimonial/"Our aim to provide a state of the art building with modern, quality furnished break out and collaborative spaces was achieved by working with HLM and Engage Workplace on the design and specification. We were thrilled to have been able to provide a stunning working environment for our tenants from local suppliers and look forward to working with them again in the future development of the park."

Christian Jenkins –Director of Operations – Plymouth Science Park
