

Scope/Design, specification & furniture supply
Sector/Sports, leisure and community
Site/Manadon Sports and Community Hub

Overview/After the successful completion of the Argyle Family Stand at Home Park, Engage Workplace were invited to provide a design and propose the layout for the brand new, built for purpose Sports and Community Hub at Manadon.

This multi use facility required a high level of specification and flexibility. The design brief required a fresh, modern and stylish look with the brand reflected in the colour scheme. The table system in the large open first floor can be repositioned or stacked and stowed with ease, ensuring that the space can be reconfigured efficiently for any use, from weddings to Zumba classes!

Design – 3D Visuals – Specification - Graphics - Signage - Furniture

Testimonial/"Once again Engage Workplace were very helpful in finding the right products, which were key to the success of our new multi use facility. They listened to our needs and aspirations, and produced wonderful visuals and colour schemes. We were very confident that the finished project would be spot on! Thanks Engage!"
