

- **Client** - Goosewell Primary Academy
- **Sector** - Education
- **Size** - 100sqm

Brief: To create a new and vibrant staff room with a variation of furniture styles to accommodate a collaborative dining area and several soft quiet spaces. A colourful yet soft colour pallet to create a relaxing environment.

Outcome: A bright vibrant staff room with colourful pastels and rich oak wood tones. A newly fitted white gloss kitchen and large dining table provide a great collaboration space while the 3 soft seating areas allow the staff to have a quiet space to chat or work.

Testimonial – “We approached Engage to propose a new and vibrant staff breakout space for somewhere our staff can feel relaxed and comfortable. We were amazed at the design and 3D visuals, extremely pleased with the products proposed and ultimately very happy with the result”
